THE ANY ORGANIC TOPPA

All about cute, French perfume
Honest des Paris' olfactory tour of
Manhattan. The bright fresh corners of
a Harlem market. The casual flavor of
ice pops in Central Park. Our favorite?
The tangy rubense and rum of an
underground Downtown jazz club. All
natural, Eucalyptus approved ingredients.

Welcome to our
new now edit.
This week's most
wantable, wearable,
and worth-it. Move!

ARMED AND DANGEROUS

*Aspen, elephant-bide elbows are
frightening to behold, people. Love your
elbows every time you hydrate your hands
and don't let the horror happen to you.*
